

Tomahawk S Series

MATRIX

Durable

Oversized bottom bracket and crank assembly featuring 4 SKF precision bearings and forged high-carbon cranks.

Comfortable

4-way micro-adjustable handlebar with non-slip grip for a stable ride and 6 position handlebar design.

User Friendly

Micro-adjustable aluminum seat and handlebar posts with adjustments at 1/2" increments and combination SPD compatible pedals to provide maximum comfort.

Eye-Catching Aesthetics

High gloss platinum finish with carbon fiber effect plastics and rust resistant powder coating.

Indoor Cycling Computer

The indoor cycling computer integrates individual feedback within a group dynamic allowing users to measure their progress and track their intensity.
